

Use of Equipment

The district will not rent, loan or lease “power equipment” such as, but not limited to, pumps, generators, buses, vans or tractors, without specific Board approval.

Classroom or office equipment may be used by district staff members only under the specific control and approval of the building administrator.

Any group desiring to rent, lease, or borrow school equipment or facilities, must sign a form indicating they will defend, indemnify and hold harmless district employees, board members and the district relating to the use of district equipment or facilities.
