

Rainier School District 13

Code: **FEG**
Adopted: 7/01/89

Supervision of Construction

An engineer or architect shall be employed to carry out site development work or drainage projects.

A building inspector, “clerk of the works,” shall be employed for all major construction projects to house children of the district. The Board shall make the selection after conferring with the superintendent and the architectural firm employed for the project.

The inspector shall act under the instruction of the superintendent, as the Board may be direct, and be responsible to the Board. He shall perform the duties of inspector in the accordance with the expectations approve by the Board.

The superintendent will be designated as the authorized agent to represent the district in planning and negotiating with the Oregon Department of Education and such agencies and individuals as may be necessary to carry forward the purpose of this program.
