Use of Feature Films/Videos/Excerpts in the School

The Board recognizes the showing of commercially produced and rated feature films, videos and excerpts may have a legitimate purpose in a school's educational program. Since the content of these feature films customarily is designed for general audience viewing, the Board feels certain precautions should be taken to ensure the showing of a particular film/video/excerpt is consistent with the educational values espoused by the district. Only films rated G may be shown at grades K-8; a waiver may be requested to show a PG film at this level. G, PG or PG-13 may be shown as part of the high school program; a waiver may be requested to show an R rated film/video/excerpt at the high school level. The Board directs procedures be developed to accomplish this objective, including the provision that a parent has the opportunity to view a film when practicably possible and that a parent must give prior consent before his/her student may view a film/video/excerpt rated PG or PG-13. Film/video/excerpts and videos shown for "rewards" must be approved by the building principal.
