

Rainier School District 13

Code: **INBA**
Adopted: 7/01/89

Class Work in Place of Scheduled Classes

In the event parents do not wish to have their student attend a particular student program or class (i.e., Outdoor School, controversial issues in class, etc.), all school personnel will make every effort to protect such students against discrimination and/or harassment by peers or staff due to the parent's decision. Appropriate alternate activities will be arranged by the teacher and principal for the student, at no loss of grade or student standing. The student doing the alternate activity will be measured against the same goals and standards as other students in the same class. This policy is intended for and provides opportunity for parents to request alternate learning experiences for short portions of a class related to specific materials or content. The district assumes no obligation through this policy to provide entire alternative classes or subjects at the request of a parent or student.

END OF POLICY
