Memorials

The Board recognizes that when a school community experiences the sudden death of a student or staff member, it is important to the school community and to those who are personally affected by the death to acknowledge the event. Additionally, certain traumatic events occurring on a local, state or national level may also give rise to the need for district acknowledgment through appropriate activities. Requests from students, staff, parents or others for remembering or memorializing a person or event may be approved by the superintendent or designee, subject to the provisions outlined in administrative regulation FFA-AR.

The Board recognizes the use of district property for memorial services is generally inappropriate. Any such request will be considered in accordance with Board policy KG - Use of District Property and accompanying administrative regulation.
