Communicable Disease

The district shall comply with state law and rules and state and local health authorities' guidelines regarding communicable diseases.

The district shall use standard precautions at all times for infection control. Each situation involving the potential for the spread of a communicable disease shall be treated initially as an actual exposure.

The superintendent or designee will develop administrative procedures as needed to implement this policy to reduce the risk of contagion in the school setting. At a minimum, such procedures shall include staff training, first aid kits in each school and on school vehicles, sanitation kits at each school for cleanup of body fluid spills, and precautionary guidelines for body fluid cleanup and personal hygiene.

Additionally, the district shall work cooperatively in coordination with the appropriate agencies, regarding communicable disease issues.
