## Personnel Lists

It is the policy of the district not to release lists of students, teachers, or other personnel to individuals, agencies, or companies who intend to use such lists for commercial purposes.

This policy does not prohibit the release of rosters required or desirable for the effective management of a district. Examples of permitted releases are listed below:

1. Lists of licensed staff required by the State Department of Education and the Multnomah Education Service District.
2. Rosters required by the Oregon School Activities Association to establish participant eligibility.
3. Lists to newspapers or program printers indicating special distinctions such as honor roll membership.

The intent of this policy is to ensure that staff and student rights will not be violated. If there is any doubt about the intent of a requested list, parent or staff permission will be secured before release.
