The People and Their District

The Board believes:

1. The public schools belong to the people who created them by consent and who support them by taxation;
2. The schools are only as strong as the support received from an informed public; and
3. The support of the people must be based upon their knowledge and understanding of the aims and efforts of the public schools.

The Board, therefore, reaffirms and declares its intent to:

1. Keep district citizens regularly and thoroughly informed through school system communication on all the policies, programs, concerns and planning and to carry out this policy through the efforts of the Board and district staff;
2. Invite the advice and counsel of the people of the district, especially at all open Board meetings;
3. Support citizen advisory committees to consider concerns which affect the district.
