## Use of Private Vehicles for District Business

The Board discourages the use of private vehicles for district business, including the transportation of students. Staff will use district-owned vehicles whenever possible and should schedule activities and transportation far enough in advance to avoid any nonemergency use of private vehicles.

The superintendent will develop regulations for staff use of private vehicles that will safeguard the district, its employees and students in matters of safety, insurance and liability. The Board will review such regulations at least annually.

No staff member will use a private vehicle for district business, including the transportation of students, without approval from the superintendent or his/her designee. Authorization to use a private vehicle must be obtained before actual use of the vehicle. Staff members who are authorized to use a personal vehicle on district business will be reimbursed in an amount established by the Board.

At least two staff members must accompany a student being transported in a private vehicle whenever possible.

No student will be allowed to perform district business with his/her own vehicle, a staff member's vehicle, or a district-owned vehicle without prior approval of the superintendent.
