Adopted: 7/20/98

Procedures for Summer League Activities

Summer league activities shall be brought before the building principal for review and approval. Information should identify staffing, general timeline and level of student participation.

All summer league participants will show proof of insurance. The school-sponsored plan which provides 24-hour coverage for student athletes would meet this requirement.

With approval of the plan, the district insurance umbrella extends to these activities.

The district does not financially contribute to expenses for summer league activities. Some of the costs may be tournament fees, referees and transportation.

Transportation can be arranged through the school's transportation provider. Students must have signed permission slips and must abide by bus/van safety rules.

Summer league activities should enhance the regular school activity programs and there must be fair access for all students.

Summer league activities must comply with OSAA regulations.
