

## **Medical Examinations/Drug Testing**

The district may require medical examinations after an employment offer has been made to a job applicant and before the applicant begins his/her employment duties. Any such requirement will ensure that all entering employees in the same job category will complete a medical examination regardless of disability.

Medical examinations will be conducted by a health-care professional selected by the district. District-required medical examination expenses will be paid by the district.

The successful applicant must be qualified and must be able to perform the essential functions of a position with or without reasonable accommodations. The district may withdraw an offer of employment should the medical examination reveal that the individual does not satisfy certain employment criteria under the following conditions:

1. The exclusionary criteria are job related and consistent with business necessity;
2. There is no reasonable accommodation that will enable the individual with a disability to perform the essential functions of the job;
3. The medical condition poses a direct threat to the health or safety of others in the workplace and cannot be eliminated or reduced to an acceptable level by a reasonable modification of policies, practices, procedures or by the provision of auxiliary aids or services;
4. The requested or necessary accommodation would impose an undue hardship on the district, unless funding is available through other sources. Individuals with a disability may be offered an opportunity of paying for a portion of the costs that constitutes an undue hardship or of personally providing the accommodation.

END OF POLICY
