

Relations with Home-Schooled Students**

The district recognizes the rights of parents to teach their students at home.

The district is willing to assist parents in this endeavor if a request is made to the superintendent. The district will furnish basic course scope and sequence, state minimum standards for elementary and secondary education and, when available, may furnish textbooks or other instructional materials upon deposit of a loss/damage fee.

Home-schooled students may, upon parent request, be allowed to participate in physical education programs, instrumental and vocal music programs, or other selected options if space and materials are available. Such students must then adhere to regular attendance procedures as established by the school and must avoid disruption of said programs.

Parents are responsible for transportation for students attending selected school offerings.

The Board shall evaluate transcripts and determine the value of prior credits and number of years of school attendance or equivalent for home-schooled students on a case-by-case basis.

Home schooled students may participate in interscholastic activities if the following criteria are met:

1. The student is in compliance with all rules governing home schooling and can provide acceptable documentation of compliance to the district;
2. The student can meet the district eligibility requirements except the district or class attendance requirements;
3. Students need not meet class requirements of the voluntary association administering the interscholastic activities;
4. The student can achieve the minimum achievement test score required annually of home school students (Students may participate while awaiting test results.);
5. The student must fulfill the same responsibilities and standards of behavior and performance including related class or practice requirements of other students participating in the interscholastic activity. The students must meet the same standards for acceptance on the team or squad. The student must also comply with all public school requirements during the time of participation; and
6. The student must reside in the attendance boundaries of the school for which the students participates.
