

Riverdale School District 51J

Code: **IF**
Adopted: 1/12/04
Readopted: 8/14/06
Orig. Code(s): IF

Curriculum Development

The Board believes it is necessary to develop and to modify the district's curriculum to meet changing needs in technology and fields of knowledge, to respond to changing societal and community needs, and to assure the continuing development of students. The district will review the curriculum regularly and make appropriate curriculum changes.

Decision-making within the curriculum improvement process should be based on reliable data collected through a comprehensive assessment of needs. The assessment should include, but is not limited to, evaluation of student performance using appropriate measurement tools and procedures, surveys of parent perceptions, and professional staff recommendations.

The Board understands that a coherent K-12 scope and sequence is necessary to maintain high standards for all students as well as for providing a progressively challenging and thoughtful educational experience for all students.
