Promotion and Retention of Students**

The district is dedicated to total and continuous development of each student enrolled.

Students will normally progress annually from grade to grade. Exceptions may be made when a documented pattern of student achievement including both grades and standardize testing warrant acceleration or deceleration to best meet educational needs of individual students. A sited based committee compromised of professional staff under the direction of the principal will make determinations for both promotion or retentions.

Exceptions will be made only after prior notification and explanation to the student's parents. Parents may appeal these decisions to the superintendent. The superintendent will make the final decision.
