

Electronic Data Management

In order for the district, (including public charter schools) to function administratively, undergo periodic audits and provide for its legal requirements, it must manage its records properly. Therefore, the district requires its employees to retain and destroy electronic documents and email messages that are created, sent and received in the course of conducting official business in accordance with the Oregon Archives division records retention schedule. The district's specified retention system is to retain electronic documents and email messages as part of the network and email system and/or by printing and filing them in an appropriate folder.

Public records include any writing that contains information relating to the conduct of the public's business regardless of its physical form. More specifically, an electronic document or email message is a public record if it communicated formal approvals, directions for action, and information about contracts, purchases, grants, personnel, students and particular projects or programs. If an electronic document or email message is a public record then it is subject to retention requirements based on the content of the message. Records, including electronic documents or email, shall not be destroyed if they have been requested under the Public Records Law or if they are part of litigation, even if their retention period has expired.

Definitions

1. "Electronic mail (email)" means messages distributed by electronic means from one computer user to one or more recipients via a network.
2. "Electronic document" means any document created, generated, sent, communicated, received, or stored by electronic means.
3. "Retention Schedule" means a general schedule published by the State Archivist in Oregon Administrative Rule (OAR) 166-005-0000 through OAR 166-400-0065 in which certain common public records are described or listed by title and a minimum retention period is established for each.

District employees should consult the complete retention schedule to determine the retention period of the electronic document or email.

- c. Readable photocopies of records necessary to document compliance with state and federal audits retained by the former educational agency or institution when a student transfers out of district: five years after end of school year in which original record was created. OAR 166-400-0060(28).

Employee Responsibilities

1. Employee will evaluate the content and purpose of each electronic document or email message to determine which retention schedule defines the document or message's approved retention period.
2. Senders and creators are generally considered to be the person of record for an email message or electronic document. However, if recipients of the message or document take action as a result of the message, they should also retain it as a record.

3. It is recommended that employees retain only the final message in a communication string that documents the contents of all previous communications. This is preferable to retaining each individual message, containing duplicate content.
4. Employees shall retain electronic document or email that has not fulfilled its legally mandated retention period as part of the network or email system or printed and filed in an appropriate folder.
5. Employees will organize their electronic documents and email messages so they can be located and used.
6. Employees will promptly dispose of transitory, non-record and personal electronic documents or email messages from the network and email system.
7. Employees are responsible for ensuring that electronic documents and emails that are public records are properly archived prior to any district system auto clean-up schedules.
