Loading and Unloading

The administration shall make arrangements to provide supervision of students during normal loading and unloading times at instructional sites only.

Once a student boards a bus for transportation to school, he/she shall leave the bus only at the school site or for the purpose of making a regular transfer from one bus to another.

During school to home transportation, students shall leave the bus only at that student's regular bus stop, unless he/she has written permission from a parent or legal guardian validated by a school official or written permission from a school official to leave the bus at some other point. No special stops will be scheduled.

Students may ride a bus, other than their regularly assigned bus provided they have a written note provided by their parent/guardian. The privilege shall not be available if it creates overloading of the regular route bus.

The privilege of any specific group may be forfeited by violations of bus rules and regulations by any individual member of the group.
