## **Alternative Education Programs\*\***

The Board is dedicated to providing educational options for all students. It is recognized there will be students in the district whose needs and interests are best served by participation in an alternative education program.

“Alternative education program” means a school or separate class group designed to best serve students’ educational needs and interests and assist students in achieving the academic standards of the school district and the state.

A list of private alternative education programs will be approved by the Board annually. The superintendent may provide for the involvement of staff, parents or guardians and the community in recommending alternative education programs for Board approval and the development of related Board policy and an administrative regulation. Annual evaluation of alternative education programs will be made in accordance with Oregon Revised Statute (ORS) 336.655 and Oregon Administrative Rule (OAR) 581-022- 2505. The superintendent will develop administrative regulations as necessary to evaluate the district’s alternative education programs.

Alternative education programs will consist of instruction or instruction combined with counseling. These programs may be public or private. A private alternative education program shall be registered with the Oregon Department of Education. Alternative education programs must meet all the requirements set forth in state laws and rules, and federal laws, as applicable. A qualified district may contract with a qualified private alternative education program to provide services to a qualified home-schooled child.

Students, upon approval from a parent or guardian t, may be placed in an alternative education program if the district determines that the placement serves the student’s educational needs and interests and assists the student in achieving district and state academic content standards. Such placement must have the approval of the student’s resident district and, as appropriate, the attending district. The district will also consider and propose alternative education programs for students prior to expulsion or leaving school as required by law.

The district shall pay the actual cost of an alternative education program or an amount equal to 80 percent of the district’s estimated current year’s average per-student net operating expenditure, whichever is less. The district will enter into a written contract for district-approved private alternative programs, as required by law.
