## Student Organizations

All school clubs and organizations shall organize and operate under the direct authority of the building principal. Rules and regulations regarding clubs and organizations that may be passed by the student council must first be approved by the building principal. Final approval for clubs and organizations shall rest with the Board of Education and the superintendent.

The building principal will develop general guidelines for student organizations. Among other provisions, such guidelines will require the assignment of at least one faculty advisor to each student organization.

Voluntary student-organized clubs which are not curriculum-related may meet on school premises during non-instructional time. If the content of such a club's meetings is religious in nature, school staff may attend only in a non-participatory manner. Staff may be assigned to attend such meetings for custodial purposes only, but will not be compelled to attend a meeting if the content of the speech at the meeting is contrary to that person's beliefs.
