

## Student Fund-Raising Activities

Students may carry out fund-raising activities in which no outside fund-raising agency or contract utilized, with permission of the principal and under the direct supervision of the appropriate adviser. Where funds are to be raised through an outside agency or contracted activity, the activity must receive prior approval from the superintendent or designee.

Activities that include fund raising for charitable or other causes not relating to school activities, must obtain prior approval from the principal and the superintendent or designee.

A student or staff member may not solicit funds in the name of a school in the district or in the name of the district through the use of internet-based or crowd-funding types of fund raising, without the approval of the principal.

Fund-raising projects involving the sale of products must also be approved by the principal, before the activity is initiated. Solicitation of funds is expressly prohibited without the superintendent's or designee's consent.

If fund raising consists of selling food and beverage items to students during the regular or extended school day, the food and beverage items must comply with state and federal nutrition standards, rules and laws. This does not apply to food and beverage items sold at school-related or nonschool-related events for which parents and other adults are a significant part of the audience.
