

Immunization of Students

No student will be allowed to enroll or continue school attendance without first presenting evidence of compliance with Oregon Revised Statutes and Oregon Administrative Rules requiring immunization.

The administrator or designee is authorized to exclude any student from school attendance for noncompliance with the statutes and rules. The administrator or designee will notify the parent in writing of the reason for the exclusion, stating that the student will continue to be excluded until the student has complied with the requirements. The notice will also inform the parent that a hearing will be afforded upon request.

The district will comply with the Oregon Department of Human Services, Health Services, rules related to the district's immunization registry and the associated tracking and recall systems. This compliance shall include the waiver of the requirement of consent for release of information from or providing information to and the waiver of issues of confidentiality in regard to immunization records.

The policy is in effect for all students not exempted for religious, philosophical beliefs or medical reasons.¹ Beginning March 1, 2014, parents requesting a non-medical exemption must provide proof of vaccine education certificate and a certificate of immunization status with non-medical exemption completed. Medical exemption require documentation from HCP.
