Student Automobile Use

Certain school regulations concerning the use of vehicles by students for transportation to and from school are necessary because of parking hazards, dangerous traffic patterns, safety and supervision of non-drivers, school accountability to parents and the control of loiterers.

Any student who is a licensed driver may drive a vehicle to and from school under the following conditions:

1. All vehicles driven to school must be registered with the school administration;
2. State, local and school laws or regulations must be obeyed;
3. Violators of the above regulations are subject to have their vehicles towed away at the owner's expense and to appropriate disciplinary action;
4. Permission to use student vehicles during school hours must be obtained through the school office.
