## **Interdistrict Transfer of Resident Students\*\***

### **Interdistrict Transfer**

The district offers a variety of programs and services designed to meet the individual needs of its students. Nevertheless, the Board recognizes there may be circumstances that arise in which a resident student may benefit from attendance in another public school in the state. Consequently, a student who resides within district boundaries may be released to attend school in another district that agrees to accept the student. The agreement will be by written consent of the affected school boards or designees whereby the student becomes a “resident student” of the attending district, allowing the attending district to receive State School Fund moneys. Any additional fees or tuition costs are the responsibility of the parent.

When the resident district approves the release of a resident student to another school district, the student or his/her parent(s) will be solely responsible for transportation unless federal or state law requires transportation to be provided by the district. When a resident student, who is on an individualized education plan (IEP), is accepted to another district by an interdistrict transfer, the attending district becomes responsible for a free appropriate public education (FAPE).

Additionally, an interdistrict transfer of a resident student will be permitted, as appropriate, to meet the requirements to provide a safe public school choice in the Every Student Succeeds Act (ESSA).

The resident district may not impose any limitations on the length of time for which consent is given to the student requesting release to another district.

The resident district shall not require a student to receive consent more than one time when the student requests admission to the same receiving district, regardless of any time limitations imposed by the receiving district.

The district shall allow the student whose legal residence changes to a different district during the school year, to complete the school year in the district if the student chooses to do so.

### **Open Enrollment**

A student who resides within district boundaries may make a request to attend school in another district that agrees to accept the student. The agreement will be by written consent of the attending district only whereby the student becomes a “resident student” of the attending district, allowing the attending district to receive State School Funding. When the attending district approves the admission of the student, the attending district shall notify the district in which the student resides no later than May 1. The student or his/her parent(s) will be solely responsible for transportation to the attending/receiving district unless federal or state law requires transportation to be provided by the attending/receiving district. Students under the Individuals with Disabilities Act (IDEA) will become the primary responsibility of the attending district.
