Resuscitation Decisions

In a life-threatening situation, district staff will dial 911 for paramedic assistance. Staff with current CPR training will resuscitate any student requiring resuscitation in order to sustain life until relieved by paramedics or other appropriate medical personnel. Immediately following contact with 911, the student's parents will be called. No employee of the district shall comply with any written or verbal parental request or physician-signed "DNR" (do not resuscitate) for nonresuscitation of a student. The district defines "resuscitation" as an attempt to restore breathing and/or a pulse.
