

Security Personnel

The district may employ private security, a police officer, and/or a reserve police officer to deliver security services.

Currently certified police officers are exempt from security services training by the Department of Public Safety Standards and Training (DPSST), but all private security officers and reserve police officers must be certified and trained in a program approved by the DPSST in order to provide security services essential to the job.

Duties of district employed security personnel include, but are not limited to:

1. The observation and reporting of any unlawful act.
2. The prevention of theft or misappropriation of any item of value.
3. The control of access to premises being protected.
4. The maintenance of order and safety at public activities.
5. Protection of district property, students, staff and persons and property on or about district property or while attending district-sponsored activities.
6. Investigating and documenting specific incidents.
7. Assistance in identifying, intervening and communicating with at-risk students.
8. Any duties authorized by the Silverton Police Chief and approved by the superintendent or designee.

It shall not be the function of security officers employed by the district to arrest individuals; although, individuals may be detained pending arrival of law enforcement. Additionally, law violations or activities identified by the superintendent or designee as severe disciplinary infractions will be referred to law enforcement, as appropriate.

Officers employed by the district will not issue any citations other than trespass and campus parking violations.
