

**Human Sexuality, AIDS/HIV, Sexually Transmitted Diseases, Health Education\*\***

The district shall provide an age appropriate, comprehensive plan of instruction focusing on human sexuality, HIV/AIDS and sexually transmitted infections and disease prevention in elementary and secondary schools as an integral part of health education and other subjects. Course material and instruction for all human sexuality education courses that discuss human sexuality shall enhance a student's understanding of sexuality as a normal and healthy aspect of human development. In addition, the HIV/AIDS and sexually transmitted infections and disease prevention education and the human sexuality education comprehensive plan shall provide adequate instruction at least annually, for all students in grades 6 through 8 and at least twice during grades 9 through 12.

A part of the comprehensive plan of instruction shall provide age-appropriate child sexual abuse prevention instruction for students in kindergarten through grade 12. The district must provide a minimum of four instructional sessions annually; one instructional session is equal to one standard class period.

Parents, teachers, school administrators, local health departments staff, other community representatives and persons from the medical community who are knowledgeable of the latest scientific information and effective education strategies shall develop the plan of instruction and align it with the Oregon Health Education Standards and Benchmarks.

The Board shall approve the plan of instruction and require that it be reviewed and updated biennially in accordance with new scientific information and effective educational strategies.

Parents of minor students shall be notified and able to review materials in advance of any human sexuality or AIDS/HIV instruction. Any parent may request that his/her child be excused from that portion of the instructional program under the procedures set forth in Oregon Revised Statute (ORS) 336.035(2).

The comprehensive plan of instruction shall include the following information that:

1. Promotes abstinence for school age youth and mutually monogamous relationships with an uninfected partner for adults;
2. Allays those fears concerning HIV that are scientifically groundless;
3. Is balanced and medically accurate;
4. Provides balanced, accurate information and skills-based instruction on risks and benefits of contraceptives, condoms and other disease reduction measures;
