

Talented and Gifted Program

The district is committed to an educational program that recognizes, identifies and serves the unique needs of talented and gifted students. Talented and gifted students are those who have been identified as academically talented and/or intellectually gifted according to the procedures outlined in IGBB-AR.

The Board directs the staff to develop procedures for identifying academically talented and intellectually gifted students in grades K through 12. The Board further directs the director of teaching and learning to develop a written plan that identifies programs or services needed to address the assessed levels and accelerated rates of learning of identified students. All differentiated plans of instruction shall identify the academic instructional programs and services which shall be provided.

Other students who demonstrate the potential to perform at the eligibility criteria, as well as additional students who demonstrate exceptional abilities or interests, may be served.
