

Student Performances

All student performances shall be approved by the principal and supervised by staff. Parents may be appointed as chaperones.

Performance request by parent groups, civic clubs or other organizations concerning school student participation, will not be allowed unless guidelines have been established and approved by the school principal.

Teachers are encouraged to arrange for individual students and groups to give public performances when such performances contribute to educational objectives. These guidelines will be followed:

1. All performances involving students will be approved by the principal;
2. The extended use of one particular group will be discouraged;
3. Students participating in a performance will conduct themselves in accordance with the district's student code of conduct;
4. Performances that are scheduled outside school hours are preferred. Performances during school hours should be limited to the class period during which the activity is usually taught to that particular student or students.

Student groups may participate in the activities of the school district and with patriotic and civic groups in the community upon the approval of the principal. They will not be paid for participating or performing when they represent the school.
