

## Student Fund-Raising Activities

With the permission of the principal, students under the direct supervision of their advisers may carry out fund-raising activities in which no outside fund-raising agency or contract is concerned.

Where funds are to be raised through an outside agency or contracted activity, the activity must receive prior approval by the principal.

Activities concerned with fund raising for charitable or other causes not relating to school activities may not be carried on without prior approval of the principal.

Any crowd funding activities must be approved by the principal. (See Board policy - GBI - Gifts and Solicitations and administrative regulation, GBI-AR - Crowd Funding.)

If fund raising consists of selling food and beverage items to students during the regular or extended school day, the food and beverage items must comply with state and federal nutrition standards, rules and laws. This does not apply to food and beverage items sold at school-related or nonschool-related events for which parents and other adults are a significant part of the audience.
