## Early Graduation

A student, who for sound educational and vocational reasons, wishes to graduate from high school in less time than the ordinary grade 9-12 sequence may request permission to complete graduation requirements on an altered schedule. The student and his/her parents will consult with high school guidance personnel in order to develop a graduation plan. Their intention to accomplish this plan and a copy of the plan will be placed in writing and submitted to the high school principal or designee.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years upon the student's request and if the student's parent or guardian consents, if required.

A student who has successfully completed the junior year with a minimum of 20 credits, and is then accepted and enrolled full-time at an accredited college or community college, may receive his/her high school diploma if, at the completion of the first semester or second term, he/she is in good scholastic standing at the college, and is on schedule to attain the District minimum 25 credit standard. Good scholastic standing is an accumulative grade point average of 2.0 or better.
