

Assignment of Students to Classes

The principal or designee is responsible for the assignment of students to individual classrooms.

Assignment of students to the appropriate classroom is to be based upon the educational needs of the student, and the staff and facilities available. Parents will be permitted to provide information regarding the placement of their child.

Exceptions to any classroom assignment may be made solely by the principal, and only upon evidence that such assignment would cause undue stress to either the student or in some manner to staff or the school climate in general.
