

Community Use of District Facilities

The district may permit community organizations and groups the use of school facilities for worthwhile activities and purposes provided they pay the usual rental, reimburse the district for employee services for any hours necessary, and meet such other rules and requirements as may be established by the district. Such use shall not interfere with scheduled school programs or events and shall be supported in part by the payment of fees levied by the district to defray costs of utilities, maintenance and supervision.

The rules include:

4. No dances, other than school functions, shall be held in the school buildings except by approval of the Board.
5. The maximum number of people permitted in any school facility shall be restricted to the building's capacity according to the Fire Marshall.

The designated sponsoring organization/representative shall be held personally accountable for fulfillment of the terms of the agreement, including payment of the rental fees and damage beyond ordinary depreciation.

Care of School District Property

1. The designated sponsoring organization/representative shall be responsible for the conduct and control of both patrons and participants and shall insure (ensure) that all state, city, county and school district regulations governing safety are followed.
