Safety Program

Safe buildings, grounds and equipment will be maintained in order to minimize the potential for accidents or injury to students, employees and other citizens from fire, natural disasters, mechanical and electrical malfunction and other hazards.

Buildings will be planned, equipped and maintained in accordance with appropriate local, state and federal safety regulations.

Buildings will be provided with alarm systems, fire extinguishers and other safety devices required by state and federal laws and regulations, unless as otherwise exempted in accordance with law.

The superintendent will develop and implement a safety program which will include, but not be limited to, compliance with and enforcement of all state and federal laws, rules and regulations.
