## Graduation Exercises

Because the Board believes that completion of the requirements for a diploma, a modified diploma, extended diploma or alternative certificate from the public schools is an achievement that improves the community as well as the individual, the Board wishes to recognize that achievement in a publicly celebrated graduation exercise.

Accordingly, appropriate graduation programs may be planned by the school administrator and staff on the date selected by the administration and approved by the Board.

A Stanfield High School diploma will be awarded to each student who has satisfactorily completed all state and local requirements for units of credit, senior project, mastery of skills and attendance.

A modified diploma will be awarded to each student who has satisfactorily completed an educational program prescribed for the individual, for units of credit, mastery of skills, senior project and attendance.

To receive a modified diploma, a student must have a program approved by a committee no later than their junior year.

Students who do not complete their senior year at Stanfield High School may be granted permission to participate in graduation exercises. All such requests must be submitted to the high school principal for approval. Students must have met all minimum requirements to receive an Oregon high school diploma as established by the Oregon Department of Education and district in which they are currently attending. Any costs related to the student's participation in graduation exercises shall be the responsibility of the student and/or parent.

Students must check out of school properly and pay all outstanding fees and charges in order to participate in graduation exercises.
