Use of Private Vehicles for District Business

The Board discourages the use of private vehicles for school business, including the transportation of students. District staff will use district-owned vehicles whenever possible and should schedule activities and transportation far enough in advance to avoid any non-emergency use of private vehicles.

The superintendent will develop regulations for staff use of private vehicles that will safeguard the district, its employees and students in matters of safety, insurance and liability. The Board will review such regulations at least annually.

No staff member will use a private vehicle for school business, including the transportation of students, without written permission from the superintendent. Authorization to use a private vehicle must be obtained before actual use of the vehicle. Staff members who are authorized to use a personal vehicle on school district business will be reimbursed in an amount established by the Board.

At least two staff members must accompany a student being transported in a private vehicle.

No student will be allowed to perform school business with a staff member's automobile or a district-owned vehicle.
