

## Board Goals

The Board is committed to the education of all students appropriate to the best of their individual abilities. They shall be constantly aware of the concerns and desires of the whole community regarding the quality and performance of the school system. The Board shall assume an educational leadership role; to employ a superintendent who will maintain an outstanding school system and with the school personnel will carry out the policies of the Board with imagination and dedication for the benefit of its young people.

Additionally, the Board's specific policy and goals are:

1. To interpret the educational needs and aspiration of the community through the formulation of policies which stimulate the learner and the learning process;
2. To manage the school system in accordance with Board policy;
3. To provide leadership in the school in order that the goals and objectives of the school system (as set forth in the Board policy manual and the current program budget) can be effectively carried out;
4. To maintain two-way communication with the various publics served by the school in order to interpret public attitudes, to identify policies and procedures of the school and to encourage public involvement with an understanding of the school;
5. To develop and provide the data appropriate for the management functions of planning, evaluating, organizing, controlling and executing.

END OF POLICY
