

Management Team

The management team is organized on the premise that the multiple responsibilities of the superintendent can be better served by establishing a means which permits the ideas of all staff members to have a bearing on school decisions. Although the Board and the superintendent cannot absolve themselves from legally constituted responsibilities, the team provides a two-way flow of information.

Team members will act in an advisory capacity to the superintendent. They will also gather ideas, plan student services, express opinions and interpret school policy to other staff members through the detailed information they receive.

Members of the management team will include all principals and the superintendent.
