

Sherman County S. D.

Code: **EB**
Adopted: 8/14/95

Safety Program

Safe buildings, grounds and equipment will be maintained in order to prevent accidents or injury to students, employees and other citizens from fire, natural disasters, mechanical and electrical malfunction and other hazards.

Buildings will be planned, constructed, equipped and maintained in accordance with appropriate local, state and federal safety regulations.

Buildings will be provided with alarm systems, fire extinguishers and other safety devices required by state and federal laws and regulations.

The superintendent will develop and implement a safety program which will include, but not be limited to, compliance with and enforcement of all state and federal laws, rules and regulations.

The district shall develop a safety procedure plan. The plan will be appropriately posted, distributed to staff and made available to students and parents.

The superintendent or his/her designee will serve as the district safety officer and will work with the safety committee.
