

Sherman County S. D.

Code: **EBB**
Adopted: 8/14/95

Accident Prevention and Safety

The Board directs the superintendent to take all necessary and appropriate means to provide for the health and safety of all employees while engaged in the performance of their duties.

The superintendent will develop the district plan for dealing with any hazardous chemicals in the work place. Such plan will include the proper labeling, storage and disposal of all such materials.

The superintendent will develop district-wide training activities to deal with the use of hazardous chemicals. Training will include the identification, use, storage and disposal techniques needed to assure safety of staff and students.

All employees will be trained to respond appropriately to the presence of any hazardous chemical. All personnel who during the performance of their duties or in any foreseeable emergency may be exposed to hazardous chemicals will be so informed and will be trained to deal appropriately with these chemicals.

The superintendent will make available to all staff members the MSDS (Material Safety Data Sheets) which must accompany any hazardous substance used in the school setting.
