

Basic Instructional Program

Basic Program

A basic educational program, sequentially developed, is provided to serve the needs of our local community.

It is the policy of the Board that there be a basic curriculum to provide for the intellectual growth of all students, recognizing that learning experiences and achievement may vary according to individual needs and providing all students with a basic body of understandings, attitudes, knowledge and skills.

This policy provides each student, regardless of his/her occupational choice, with the opportunity to acquire the basic skills, knowledge, attitudes and understandings needed for living in a democracy.

This policy will ensure that students have the opportunity to develop intellectual curiosity, critical thinking, problem-solving abilities and aesthetic appreciation in the school years in such a manner that they will be used throughout a lifetime.
