

Talented and Gifted Program

The district is committed to an educational program that recognizes, identifies and serves the unique needs of talented and gifted students. Talented and gifted students are those who have been identified as academically talented and/or intellectually gifted.

The Board directs the superintendent, in consultation with the building site councils, to develop a written identification process for identifying academically talented and intellectually gifted students K-12.

A written plan that identifies programs or services needed to address the assessed levels of learning and accelerated rates of learning of identified students shall be similarly developed. All required written course statements shall identify the academic instructional programs and services which shall be provided.
