

Academic Achievement**

The Board feels it important that teachers have as much accurate knowledge of student achievement as possible to assess students' needs and growth; thus, a sharing of information among parent, teacher and student is essential.

The Board directs staff to follow these guidelines in measuring and reporting student progress:

1. Parents will be informed regularly, at least four times a year, of their student's progress in school;
2. Parents will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration;
3. Grades and/or portfolio content assessment will be based upon academic performance and will not include student attitude. Grades will not be used for disciplinary purposes;
4. At comparable levels, the school system will strive for consistency in grading and reporting except when this consistency is inappropriate for certain classes or certain students;
5. When no grades are given but the student is evaluated in terms of progress, the school staff also will provide a realistic appraisal of the student's standing in relation to his/her peers;
6. The staff will take particular care to explain to parents the meaning of marks and symbols used to reflect student performance.
