

Admission of Non-Resident Students

The Board reserves the right to accept/reject non-resident students based upon the availability of space, resources, personnel, appropriate programs and a positive review of both educational and behavioral records.

The Board may consider situations such as:

1. Students with unusual academic needs or abilities that can be met more readily by school services available in a non-resident district;
2. Students living in remote areas whose school transportation can be met more conveniently and efficiently by the non-resident district;
3. Students with unusual disciplinary or emotional problems who would have a greater ability to succeed in the environment of the non-resident district;
4. Students whose parents move from the district during a school year;
5. Students whose parents are employed within the non-resident district.

The district may enroll non-resident students as follows:

1. By written consent of the affected boards the student becomes a “resident pupil” of the attending district thereby allowing the attending district to receive State School Fund Moneys; or
2. By unilaterally admitting with tuition a non-resident student whereby neither district is eligible for State School Fund Moneys.
