Administrative Regulations

Administrative regulations are detailed directions governing the operation of the district.

The Board delegates to the superintendent the function of specifying required actions and designing detailed arrangements under which the district will be operated in accordance with Board policy. These detailed arrangements constitute the regulations governing the district.

In the development of regulations, the superintendent will involve at the planning stage those who would be primarily affected by them; for example, staff members, students, parents, the public. The superintendent will weigh with care the counsel given by representatives of staff, student, and community organizations. He/she will inform the Board of such counsel in presenting regulations for Board action.

The Board will adopt regulations when state laws require the Board to do so. It will also adopt regulations when the superintendent recommends Board action.
