Graduation Exercises

All students who meet or are enrolled in High School courses, that satisfy all state and district requirements for a diploma or alternate document and have successfully completed these before graduation, may participate in the district's graduation ceremony. Valid evidence of "satisfactory completion" shall include transcripts, grade reports, and/or documentation by the instructor on official letterhead from the educational institution. However, the district reserves the right to preclude a student from those ceremonies for disciplinary reasons

All students who qualify for a diploma or alternate document should receive public recognition for their educational efforts. It is the district's wish to provide a public ceremony for their graduation or promotion exercises. However, situations may arise where a student's behavior violates the discipline policy of the district and the only alternative for discipline is the district's refusal to allow a student to participate in these exercises.

The district's valedictorian(s), salutatorian(s) or others at the discretion of the building principal or designee may be permitted to speak as part of the district's planned graduation program. All speeches will be reviewed and approved in advance by the building principal or designee.

All graduation requirements must be satisfactorily completed before a diploma will be issued or a student may participate in the graduation ceremony.
