

Reporting of Suspected Abuse of a Child

Reporting

All public charter school employees having reasonable cause to believe that any child with whom the employee comes in contact has suffered abuse, or that any person with whom the employee comes in contact has abused a child, shall orally report or cause an oral report to be immediately made by telephone or otherwise to the local office of the Oregon Department of Human Services, Community Human Services or to a law enforcement agency within the county where the person making the report is at the time of his/her contact. The public charter school employee should also immediately inform his/her supervisor or administrator.

If known, such report shall contain the names and addresses of the child, the child's parents or other persons responsible for the child's care, the child's age, the nature and extent of the suspected abuse, the explanation given for the suspected abuse, any other information which the person making the report believes might be helpful in establishing the possible cause of the suspected abuse and the identity of a possible perpetrator.

A written record of the abuse report shall be made by the employee suspecting the abuse of a child. The written record of the abuse report shall not be placed in the student's educational record. A copy of the written report shall be retained by the employee making the report and a copy shall be provided to the administrator.

When the public charter school receives a report of suspected abuse of a child by one of its employees or by students, and the administrator determines that there is reasonable cause to support the report, the public charter school shall place the school employee on paid administrative leave until the Department of Human services or a law enforcement agency either: 1) determines that the report is unfounded or that the report will not be pursued; or 2) determines that the report is founded and the education provider takes the appropriate disciplinary action against the school employee. If the Department of Human services or a law enforcement agency is unable to determine whether the abuse of a child occurred the public charter school may either reinstate the employee or take disciplinary action at the public charter school's discretion.

The written record of each reported incident of abuse of a child, action taken by the public charter school and any findings as a result of the report shall be maintained by the public charter school.
