Public Charter School Purchasing

The function of public charter school purchasing is to serve the educational program by providing the necessary supplies, equipment and services. Items commonly used will be standardized whenever consistent with educational goals and in the interest of efficiency or economy.

The public charter school superintendent is appointed by the Board to serve as purchasing agent. He/She will be responsible for developing and administering the public charter school's purchasing program.

No obligation may be incurred by any officer or employee of the Board unless that expenditure has been authorized in the budget or by Board action and/or Board policy. In all cases calling for the expenditure of public charter school money, except payrolls, a requisition system must be used.

No purchase with the exception of a petty cash purchase will be authorized unless covered by an approved invoice. No bills will be approved for payment unless purchases were made on approved orders.

The administrator or designee is authorized to enter into and approve payment on contracts obligating public charter school funds not to exceed \$30,000 for products, materials, supplies, capital outlay and services that are within current budget appropriations. The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by public charter school employees, such as custodial, food service and transportation services.

The public charter school superintendent will review bills due and payable for the purchase of supplies and services to determine if they are within budget amounts. After appropriate administrative review, the superintendent will direct payment of the just claims against the public charter school. The superintendent is responsible for the accuracy of all bills and vouchers.

No Board member, officer, employee or agent of this public charter school shall use or attempt to use his or her official position to obtain financial gain or for avoidance of financial detriment for himself or herself, a relative or for any business with which the Board member or a relative is associated.
