

Talented and Gifted Program

The public charter school is committed to an educational program that recognizes, identifies and serves the unique needs of talented and gifted students. Talented and gifted students are those who have been identified as academically talented and/or intellectually gifted.

The Board directs the administrator to develop a written identification process for identifying academically talented and intellectually gifted students K-12.

A written plan that identifies programs or services needed to address the assessed levels of learning and accelerated rates of learning of identified students shall be similarly developed.
