

Student Conduct**

The Board expects student conduct to contribute to a productive learning climate. Students shall comply with the district's policies, administrative regulations, school and classroom written rules, pursue the prescribed course of study, submit to the lawful authority of teachers and school officials and conduct themselves in an orderly manner during the school day and during district-sponsored activities.

Careful attention shall be given to procedures and methods whereby fairness and consistency without bias in discipline shall be assured each student. The objectives of disciplining any student must be to help the student develop a positive attitude toward self-discipline, realize the responsibility of one's actions and maintain a productive learning environment.

Students are subject to discipline for conduct while traveling to and from school, at the bus stop, at school-sponsored events, while at other schools in the district and while off campus whenever such conduct causes a substantial and material disruption of the educational environment or the invasion of the rights of others.

Participation in OSAA extracurricular or OSAA co-curricular activities sponsored by the Siuslaw School District is not required; it is a privilege. Students choosing to participate in OSAA extracurricular, OSAA co-curricular and district-sponsored activities are prohibited from knowingly attending or remaining at events where individuals are engaged in breaking the law by possessing, using, delivering, and/or selling alcohol, marijuana, and/or other illegal substances. These events include, but are not limited to parties and group gatherings. It is the student's responsibility to immediately remove himself or herself from the party or group gathering as soon as the student or activity participant becomes aware that alcohol, marijuana, and/or illegal substances are being possessed, used, delivered, or sold in violation of the laws of the state of Oregon. The student should inform their parent or guardian immediately and report the incident to a coach, athletic director or administrator at the start of the next school day. The student does not need to report on others in attendance.

The Siuslaw School District recognizes a student cannot be responsible for the misbehavior of other individuals; however, it is the student's responsibility to avoid associating with individuals engaging in illegal activities. Students that knowingly transport others to or from such an illegal event are in violation of the policy; being a 'designated driver' is a concept for those of legal age and status. Students will be found in violation of this policy by knowingly attending or remaining at such an event and attendance at such an event will be treated as a first, second or third offense, depending on them having any previous violations of the athletic and activity policy by the student.

The following forms or displays of student misconduct, including but not limited to, shall be subject to discipline, suspension or expulsion as per Oregon Revised Statute (ORS) 339.250:

2. Harassment, intimidation, bullying, cyberbullying or teen dating violence as prohibited by Board policy JFCF - Harassment/Intimidation/Bullying/ Cyberbullying/Teen Dating Violence – Student and accompanying administrative regulation;

The district recognizes that under the Unsafe School Choice Option of the Every student Succeeds Act of 2015 (ESSA), a school can be deemed unsafe as a whole entity or for an individual student based on expulsions for weapons violations, violent behavior or expulsions for students arrested for the following criminal offenses occurring on district grounds, on district-sponsored transportation and/or at district-sponsored activities:

1. Assault;
2. Manufacture or delivery of a controlled substance;
3. Sexual crimes using force, threatened use of force or against incapacitated persons;
4. Arson;
5. Robbery;
6. Hate/Bias crimes;

The district will record and report these infractions to the Oregon Department of Education, as required.

The district will provide the opportunity for all students in any district school identified as persistently dangerous or for any victim of a violent criminal offense occurring in or on the grounds of the school the student attends, to the extent feasible, the opportunity to transfer to a safe school within the district.

Parents, students and employees shall be notified by handbook, code of conduct or other document of acceptable behavior, behavior subject to discipline and the procedures to address behavior and the consequences of that behavior. These procedures will include a system of consequences designed to correct student misconduct and promote acceptable behavior.
