

**South Umpqua  
School District 19**

Code: **IGBHD-AR(1)**  
Revised/Reviewed: 1/16/02; 10/18/17  
Orig. Code(s): IGBHD-AR(1)

**Exemptions for Required Courses/Programs**

The parent of any student in the district may request that the superintendent or designee exempt their student from a state-required program of instruction or learning activity of the district. The request shall be made in writing, using the district-approved form.

The parent shall complete the form with a written statement of a proposed alternative, citing the anticipated educational advantages of that alternative. School personnel will evaluate the request in terms of consistency with the student's educational progress and career goals. Additional information may be requested by the reviewing school personnel.

After evaluation of the request, the request may be approved by the superintendent or designee. Upon completion of the alternative activity, credit shall be granted to the student.
