District Purchasing

The function of District purchasing is to serve the educational program by providing the necessary supplies, equipment and services. The Board declares its intention to purchase competitively without prejudice and to seek maximum educational value for every dollar expended. Items commonly used in the various schools and their subdivisions will be standardized whenever consistent with educational goals and in the interest of efficiency or economy.

The superintendent or designee is responsible for developing and administering the district's purchasing program. The Board will serve as the Local Public Contract Review Board for the district. The Board will use applicable Oregon administrative rules and statutes as guidelines when performing public contract review functions. The superintendent or designee will develop additional guidelines as necessary.

No obligation may be incurred by any officer or employee of the Board unless that expenditure has been authorized in the budget or by Board action and/or Board policy. In all cases calling for the expenditure of district money, except payrolls, and authorized credit cards, the district requisition and purchase order system shall be used.

All purchases, contracts or agreements obligating district funds in excess of statutory bidding limits will require Board approval.

The superintendent or designee is authorized to issue all other purchase orders, contracts or agreements without prior approval of the Board where formal bidding procedures are not required by law and when current budget appropriations are adequate to cover such obligations.

The superintendent or designee will review bills due and payable for the purchase of supplies and services to determine if they are within budget amounts. After appropriate administrative review, direct payment will be made for just claims against the district. The superintendent or designee is responsible for the accuracy of all bills and vouchers.

No Board members, officers, employees or agents of this district shall use their official position to obtain financial gain or avoid financial detriment for themselves or any member of their household in any contract entered into by the Board, including acceptance of any gratuities, financial or otherwise, from any supplier of materials or services.
